

COBRA REVIVE

TILE & GROUT RESTORATION

COBRA REVIVE is a colorless liquid blend of **NEW SAFE ACID** technology coupled with a new generation biodegradable surfactant. It is highly efficient, heavy duty product formulated for removing lime, calcium, soap scum and efflorescence from stone, tile and grout. Removes a thin layer of grout to revive surface and remove stubborn stains, alkaline build-up and hard water stains leaving surface refreshed.

COBRA REVIVE is non-corrosive to skin, based on DOT skin corrosive tests. It is also safe and effective on rubber, fiberglass and plastic. **COBRA REVIVE** is also ideal for cleaning commercial, industrial and residential applications.

DIRECTIONS FOR USE: Do not mix with anything but water. Can be used full strength or diluted with water as needed. Neutralize the surface with Cobra Strike diluted 1 to 32 to reduce the effects of the acid on the surface.

HARD SURFACE BATHROOMS Mix 4:1 to remove lime scale, hard water build-up alkaline build-up and rust from tile and grout.

TILE & GROUT RESTORE Mop solution on at 1:1 let stand for one minute or agitate with a deck brush for quicker results. **COBRA REVIVE** will clean deep down in grout and brightening tile and grout.

Removing Efflorescence: Apply full strength to area to be cleaned agitate and extract quickly as to not let surface stay wet since moisture is the cause of efflorescence.

DO NOT USE ON MARBLE, LIMESTONE AND OTHER SURFACES DAMAGED BY ACID CLEANERS.

CAUTION

Eye and skin irritant. In case of contact with eye and skin, flush with water for at least 15 minutes. If irritation persists seek medical attention. If swallowed drink large quantities of water. Get medical attention. Inhalation - remove to fresh air.

Read. Consult MSDS for further information.
