

# EZEE STRIP-NR

## NO RINSE FLOOR STRIPPER

**EZEE STRIP-NR:** is a 56% active stripper that is designed to penetrate and dissolve multiple layers of burnished floor finish. **EZEE STRIP-NR** is a rinse free formulation that prepares floors for recoating without the need of machine scrubbing. This procedure saves one-third to one-half the time required using ordinary strippers. It is designed to penetrate, dissolve, and suspend old floor finish and floor sealer for removal with wet vac or mop. This product does not contain sodium or potassium hydroxides.

**DIRECTIONS:** Dilute in cold or warm water at one part product to two parts water for finishes which have been hardened due to high speed burnishing. For normal build up, one part product to five parts water is sufficient. This stripper may be diluted, one part product to 16 parts water when scrubbing equipment is used following application of stripper. Apply stripper solution to floor using liberal amounts and ensure that solution is uniformly distributed. Do not allow stripper to dry on floors before removing. After stripper has been on the floor for approximately four minutes, pick up all of the solution with a clean mop, wet vac or an automatic scrubber. After drying apply floor finish or sealer using normal procedures.

**CAUTION:** Avoid prolonged contact with vapors. Use in well-ventilated area. Avoid contact with eyes, skin and clothing. Harmful if swallowed. Eye protection and rubber gloves are recommended for handling. If eye contact occurs flush with water for 15 minutes and seek medical attention. Consult MSDS for further information.

Please Follow Good Safety  
Practices

**KEEP THIS AND ALL CLEANING PRODUCTS OUT OF THE  
REACH OF CHILDREN**
