

KEYSTONE

CONCENTRATED MARBLE CLEANER

KEYSTONE is especially formulated for cleaning and removing stains from marble, stone, granite, travertine, slate, limestone, flagstone, terrazzo and other natural stones. **KEYSTONE** can be used on a daily basis without harming or leaving a film on these types of surfaces.

KEYSTONE is made from new generation surfactants. This product is biodegradable, non-toxic, non-flammable, non-abrasive and pH balanced. It performs well in hot, cold or hard water conditions. It is a highly concentrated formula for maximum economy of use.

DIRECTIONS:

Initial Grout and Tile treatment: Dilute **KEYSTONE** 1:4 (32 oz) with hot water mop on surface and allow to penetrate for 5 minutes do not allow to dry before cleaning. **For maintenance:** Dilute 1:10 (12oz) with warm water. **All purpose cleaning:** Dilute 1:32 (4oz) parts warm water. **Auto Scrubber:** Dilute 1:64 (2oz) parts warm water.
