

PEROXY KLEEN

MULTI-PURPOSE OXIDIZING CLEANER

PEROXY-KLEEN is a uniquely stabilized specialty oxidant, specifically designed to be more robust when used as a cleaner, degreaser and deodorizer. Its stable oxygenated cleaning component provides a chlorine-free alternative for cleaning and stain removal. The action of oxygen cleaning micro-bubbles, coupled with the degreasing power of citrus, is particularly effective at lifting and removing difficult soils from a variety of fabrics and hard surfaces. When diluted properly will leave no chemical residue or build-up to help reduce slips.

PEROXY-KLEEN is ideal for cleaning carpet and upholstery, cleaning and brightening tile and grout, eliminating odors and degreasing. Low toxicity formula is totally biodegradable and environmentally friendly.

ALL PURPOSE

Mix 1-2 ounces per gallon of water for all purpose cleaning. Works great for wiping down counter tops and deodorizing at this dilution. Mix 8-10 ounces per gallon of water for deep degreasing of hard surfaces, floors and equipment. Leaves no chemical residue. Mix 8-10 ounces per gallon of water for cleaning stainless steel. Will not streak and leaves no oily film.

GLASS

Mix 2 ounces per gallon of water for a great safe alternative to glass, window and mirror cleaning.

RESTROOM & GROUT CLEANING

Mix 2-4 ounces per gallon of water for counter tops and bathroom fixtures. Mix 10-15 ounces per gallon of water. At this dilution you will have a strong cleaner and odor eliminator that poses excellent cleaning qualities.

CARPETS

Add 4-6 ounces of to Kemper's Carpet Extractor-HP for odor elimination and deep cleaning or use by itself as an excellent carpet cleaner and brightener. Can be used to clean and eliminate odors caused by pet stains, food stains and other organic waste. Dilute 4-6 ounces per gallon of water and spray heavy traffic areas and stains.

CAUTION:

EYE AND SKIN IRRITANT

In case of contact with eyes or skin, flush with water for 15 minutes. If irritation persists seek medical attention. If swallowed drink large quantities of water. Get medical attention. Consult MSDS for further information.
