

# ULTRA SONIC CLEANER

**ULTRA SONIC CLEANER** is a concentrated detergent made from new generation surfactants. This product is biodegradable, non-toxic, and non-flammable. It is an excellent cleaner and degreaser suitable for manual and ultra sonic cleaning. Low foaming and free rinsing to give you reliable results without interfering residues. It is highly concentrated for economy of use. This product enjoys the quality of being an excellent cleaner and degreaser while not being hazardous compared with corrosive acids and flammable solvents.

**ULTRA SONIC CLEANER** is recommended for cleaning industrial equipment, glassware, metals, plastics, ceramic, porcelain, rubber and fiberglass.

**APPLICATION:** This product was specifically designed to be used in ultra sonic or any type of radio wave cleaning apparatuses or baths. Type and degree of soiling will determine idea concentration for your use. Normal application concentration generally is one part concentrate to ten parts water.

**CAUTION:**  
EYE AND SKIN IRRITANT

In case of contact with eyes or skin, flush with water for 15 minutes. If irritation persists seek medical attention. If swallowed drink large quantities of water. Get medical attention. Consult MSDS for further information.
